Greet Visiting Odd Fellows at Morganfield.

GRAND LODGE IN SESSION.

PROPOSED AMENDMENTS TO CONSTITUTION LOST.

BARBECUE FOR THE VISITORS.

Morganfield, Ky., Oct. 11.—[Special.]—Hundreds of flags and hundreds of yards of bunting were used in decorating the city in recognition of the distinction shown Morganfield by the Grand Lodge of Kentucky of the Independent Order of Odd Fellows in selecting it as the place for meeting this year. When the delegates assembled this morning they found the city gayly attired with the gates thrown wide open. There are more than 300 lodges in the State and the greater number of these are represented by one or more delegates. It is probably the greatest representative body this place has ever entertained.

The first meeting of the Grand Lodge began at 9 o'clock this morning. This was public, and many citizens attended. The programme consisted of vocal selections as well as addresses. A quartet of ladies, led by Miss Emma Noe, rendered James H. Mulligan's famous parody, "Kentucky." The delegates went wild over it and continued to applaud until the quartet responded to the encore.

Former Congressman H. D. Allen delivered the address of welcome. He was responded to by Grand Master B. M. Arnett, of Nicholasville, who said he could not find words to express the gratitude of the delegates and himself for the cordial welcome extended. "I have always heard," he said, "the Bluegrass section referred to as the land of the future, but since coming into your country the thought has occurred to me that surely He has changed His mind." Immediately after the close of the public meeting, the Grand Lodge went into secret session. During the session to-day the different committees reported and the reports were acted on. The reports caused considerable discussion. More talks were made to-day. It is claimed, than during any session for a quarter of a century.

The proposed amendments to the constitution were all lost. These amendments included the proposition to remove the Widows' and Orphans' Home to Louisville, and that of meeting in Louisville in every third year. It was voted to present Grand Master Arnett to East Grand Master Allen in recognition of his splendid services. The election of officers will take place to-morrow. Preparations are being made to entertain twelve or fifteen hundred to-morrow. A big barbecue dinner will be served. While the Grand Lodge was in session to-day, the visiting Odd Fellows were entertained at the Masonic Temple, numerous speeches were made, and a children's orchestra gave a concert. To-night several of the ladies of Rebekah's Lodge made addresses.

**REPORT ON DE ARNAUD WAS PRIVILEGED.**

Libel Suit For \$50,000 Against Gen. Ainsworth Finally Disposed Of.

Washington, Oct. 11.—The Court of Appeals of the District of Columbia in an opinion rendered to-day by Chief Justice Alvey, affirmed the action of Chief Justice Taft, of the District Supreme Court, in directing a verdict for the defendant in the \$50,000 libel suit of Charles A. De Arnaud against Gen. F. C. Ainsworth, Chief of the Records and Pension division of the department. The alleged libel on which the suit was founded was contained in a report made by Gen. Ainsworth to the Secretary of War in connection with a claim preferred by De Arnaud for recognition for meritorious military service. In the report some rather severe strictures were made upon the applicant's character and military record. De Arnaud claimed that the statements of the report were false and malicious. The effect of the decision is to hold that a report made under such circumstances is "absolutely privileged," and cannot be made the subject of an action for libel, although actuated by malicious motives or personal animosity.

**THE CAUSE OF MANY DEATHS.**

Alleged Whisky Sold In New York Barrel House Keeps Corner Busy.

New York, Oct. 11.—Acting under instructions from the Coroner the police have taken into custody Rudolph Fritzsche, who keeps a little saloon at 722 Tenth avenue, which is charged only with being a suspicious person, but the police say that in his saloon, it is asserted, whisky was sold which contained poison, and that this whisky is responsible for the many deaths that occurred in the neighborhood recently.

Fritzsche only recently bought the place, which is of the variety generally described as a "bar" house. Whisky is sold there in large quantities and at a low price. The leading brand was drawn from barrels upon application of a purchaser. People in the neighborhood carried their flasks to the saloon and had them filled.

Investigation of the numerous deaths in the neighborhood during the past weeks showed that nearly all those who had died suddenly were customers of the barrel house.

Fritzsche, after being taken to the station house, was quickly admitted to bail. He returned to the saloon, but the police followed, closely questioned the proprietor and closed the doors. Twenty-five men, living in the neighborhood, all of them of middle age, have died within the past two weeks. The symptoms were in the main identical. They were characterized by the attending physicians in all cases as those of alcoholism. In the past twenty-four hours one death, that of Robert Smith, has been reported, while the following awaited burial: Michael McAuliffe, aged forty-five; died Saturday.

Charles McLeavay, aged fifty; died Sunday. William Drain, aged thirty; died Friday.

Alphonse Lehman, died Sunday. Mera McMillan, died Sunday.

Coroner Scholer said to-day that an examination of the contents of the stomachs of some of the persons who died suddenly under mysterious conditions disclosed traces of wood alcohol. In addition to the local police and of Federal authorities, representatives of several insurance companies have begun an investigation of the many recent deaths in this section of the city.

**Government Takes a Hand.**

New York, Oct. 11.—The Federal Government has taken a hand in the investigation of the alleged poisoned whisky cases to which many deaths in this city have been attributed. Following the arrest of a saloonkeeper by the local police and visits to all the saloons in the vicinity, the government is securing samples of the liquor sold there, all the revenue officers of the third districts began an investigation. All saloons were again visited and more samples of the liquor were taken for analysis.

**HUNDREDS OF COOLIES MAROONED ON AN ISLAND.**

Singapore, Oct. 11.—Marooned on a small island in the China sea with provisions for only ten days, are 2,500 coolies and other Europeans. The steamer Swanley arrived here to-day badly damaged and reported that she was bound from Hong Kong for South Africa with 2,500 coolies and four European passengers aboard, and that on October 3, she was wrecked on an island, about seventy miles south of the Straits Islands. When the steamer floated three days later a number of holes were found in her hull, and her captain was obliged to land all her passengers on Seraya Island, where they were left with provisions for ten days. The vessel was just able to make Singapore, as she was leaking badly, and will not be able to proceed for some time.

**TOOK HIS LIFE RATHER THAN LOSE HIS FINGER.**

St. Louis, Oct. 11.—Rather than have his finger amputated by a surgeon to-day, Alvin Schreiter, a fifteen-year-old boy, committed suicide by drinking carbolic acid. Schreiter took the poison while the surgeon was waiting for him to prepare himself for the operation.

**PLOT AGAINST LIFE OF KING ALFONSO.**

CLAIM OF ATTORNEY MAYER.

Chicago, Oct. 11.—Attorney Levy Mayer, representing Street's Western Car Lines, made an unexpected move in the inquiry of the Interstate Commerce Commission to-day, regarding only with being a suspicious person, but the police say that in his saloon, it is asserted, whisky was sold which contained poison, and that this whisky is responsible for the many deaths that occurred in the neighborhood recently.

Fritzsche only recently bought the place, which is of the variety generally described as a "bar" house. Whisky is sold there in large quantities and at a low price. **NEW BILL OF LADING.**  
Indiana Roads Attempt To Put It Into Use.

Indianapolis, Oct. 11.—According to reports from the local office of the Indiana Shippers' Association, three railroad bills of the State have already attempted to put into use the new uniform bill of lading. The three Indiana bills are those of the Chicago and North Western, the Lake Erie and Western, the Cincinnati, Hamilton and Dayton and the Richmond division of the Pan Handle (Pennsylvania lines). The Lake Erie, as reported, has attempted to put into effect the non-negotiable feature of the bill of lading, which would make it impossible for shippers to obtain a bill of lading to which most serious objection has been made. The C. & N. W. and the Pan Handle have not included the non-negotiable feature, but have the clause which provides for a 20 per cent increase in the freight rates in case of the refusal of the shipper to sign the bill. Shippers' associations, commercial bodies and boards of trade have been making a vigorous fight against it.

**Rebate Called a "Remittance."**  
J. H. Leeds, manager of the Santa Fe Fruit Dispatch, was one of the principal witnesses of the afternoon session.

"Did you ever give shippers rebates?" was asked Mr. Leeds. "I never did," he answered. "Well, in Northern California we gave the shippers a remittance of \$25 on each car," said the witness.

"Do you do it to compete with the Armour line?"

Edward F. Swift, first vice president of the Swift refrigerator line, was next examined, but little information was obtained from him. He was asked many questions, but the answer to all was that they were not in the line of his business. He finally suggested to the inquirers that they call D. M. Hartwell, second vice president of the Swift refrigerator line, to the stand.

Mr. Hartwell was then sworn, but he was so reluctant about discussing many things.

"What is the National Packing Company?" was asked by Commissioner Prouty.

"A corporation engaged in the packing business," promptly replied Mr. Hartwell.

"Does any of the Swifts or yourself, or do you understand that what is known in packing circles as the 'Big Four' own any stock in the National Packing Company?" asked Commissioner Prouty.

"I do not know," replied the witness. "Was the National Packing Company organized about the time the injunction was secured against the packers?" asked the commissioner.

"I do not know," said Mr. Hartwell. Other witnesses examined during the afternoon were F. Sulzberger, of Schwarzschild & Sulzberger, C. J. Kusie, of the refrigerator line of the same company; C. E. Cooper, of Chicago, New York and Boston refrigerator line; H. G. Northrup, of the American Refrigerator Transit Company; John E. McEwen, manager of the Overland Refrigerator Company, and M. W. Johnson, general Western agent of the Merchants' Dispatch Transportation Company.

Members of the commission were of the opinion that they would be able to finish the inquiry to-morrow.

## MUST HANG.

Death Sentence Against John Hathaway Affirmed

BY THE COURT OF APPEALS.

BARBOUR MURDER CASE SUBMITTED WITHOUT ARGUMENT.

THE RADFORD CASE AFFIRMED.

Frankfort, Ky., Oct. 11.—[Special.]—At to-day's session of the Court of Appeals Judge Barker delivered an opinion affirming judgment of the Clark Circuit Court sentencing John Hathaway, colored, to be hanged for the murder of Etta Thomas, his mistress. The trial judge fixed July 19 last as the date for the execution, and that day having passed, it will be necessary for Gov. Beckham to set a day for the hanging. This will be done at the expiration of the thirty days allowed in such cases for petition for rehearing. The crime for which Hathaway is to pay the penalty of his life was committed on January 4 last at Winchester, Hathaway, who was a former race rider of some note, was living at Jackson, Breathitt county, with the woman and she left him to return with Winchester to the home of Alice Bean, also colored. Hathaway followed her there and tried to induce her to return with him to Jackson and renew their old relations. Upon her refusal to do so he drew a revolver and shot her, producing instant death. The jury disagreed upon the first trial of the case, but upon a second trial it was but nine minutes before the jury returned with a verdict of guilty and fixing the death penalty. On the appeal to the court here alleged errors in the admission of testimony and the instructions to the jury were urged, but the court said that upon the whole the appellant had a fair trial and the judgment must be upheld.

Barbour Murder Case.

By agreement of counsel the question of jurisdiction in the Barbour murder case from Bullitt county was submitted to the Appellate Court to-day for decision without being argued. The statement was made to the court by Attorney Lorraine Mix, of the Attorney General's Department, Attorney Aaron Kohn, of Louisville, being present. Attorney David W. Fairleigh, of Louisville, and Judge William Carroll, of Henry, of course, being present. The case was given a status in the matter, and the Chief Justice directed them to prepare briefs and submit them to the court on the motion.

Property Must Be Sold.

The court, the Chief Justice writing, affirmed judgment of the Jefferson Chancery Court, Second division, in a case of Mary H. Vance against E. L. Lane's trustee. On the trial of the case in the court below the Judge directed that property on Fourth street in Louisville belonging to one M. E. Houston be sold to satisfy a note for \$10,000 held by the Fidelity Trust Company. This is upheld.

Lower Court Reversed.

In a second opinion by Justice Burman the court reversed a judgment of the Jefferson Chancery Court, First division, in a case of Wittle E. Hughes and others against Edw. Hughes' executor and trustee, and remanded it for further proceedings. The action is as to the proper construction of the seventh clause of the will of the late Maj. Hughes, the Louisville Fire Chief.

Judgment Reversed.

Judge Hobson delivered an opinion affirming judgment of the Livingston Circuit Court in a case of Barnett's administrator against Adams, and a case of Adams' administrator against Barnett. The cases arose over distribution of the estate of Miss Lacey Barnett, who was drowned on the steamer Golconda in the Ohio river at Paducah in 1901. She left about \$35,000.

Argument Heard.

The full bench of the court sat to-day and heard argument of the appealed case of Galloway against Radford, the Circuit Judge'ship contest from the Warren county district. Judge Lewis McQueen and Attorneys John E. DuBoise, J. C. Sims, of Bowling Green, and D. W. Fairleigh, of Louisville, made argument.

Important Decision.

In an opinion by Judge Barker the court affirmed a judgment of the Christian Circuit Court in a noted case of Radford against Radford, for divorce. The action was by Capt. Cyrus Radford, of the United States navy, against Florence Robinson Radford, his wife, and followed an agreement of separation. The court below ruled out a lot of testimony gathered in New York City by detectives in the employ of the husband, and finally having dismissed the petition. The court here upheld the judgment of the court below, and, in response to a question raised in the case, says the home of a naval officer is where he claims it and pays taxes.

SECOND—Cut out the coupon printed on Page 2 neatly, following the black border lines closely.  
THIRD—Read the question asked the Woggle Bug Sunday, October 9, then write plainly on the lines of the coupon, in as few words as possible, what you think the answer was. Then add your name, street and number, or other address, town or city, and State.  
FOURTH—Do the same thing with the coupons that will be printed every day until Monday, October 31. You can make the same answer on several coupons, you can make different answers, but they must be on the coupon printed in the paper each day, showing the numbers 1, 2, 3, 4, etc., and the dates. Be sure that you answer the right question on the coupon. The question asked Sunday, October 2, cannot be answered on a coupon bearing a date Sunday, October 3.

On the five questions that will be asked on the five Sundays of October, then carefully sort your coupons, placing those for each week together, according to the dates on the coupons, and mail them to "The Woggle Bug Editor, Sunday Courier-Journal, Louisville, Ky." Put nothing in the envelope except the coupons—no letters or notes of any kind. Send ALL your coupons in one envelope so that they will reach the Courier-Journal office not later than 10 o'clock Thursday morning, November 3. Coupons received later than that hour will positively not be counted, nor will coupons mailed each day or at the end of each week be counted—coupons for the entire month must all come in one envelope at the same time.  
SIXTH—Remember that the largest number of correct answers to all questions will get the prizes. If two or more persons have the same number of correct answers to the five questions, the prizes will be divided. This rule will apply to all the prizes. For October it will be possible for one person to send thirty-one answers, that number of coupons being printed.  
SEVENTH—Neatness in filling out coupons, care in arranging them consecutively according to numbers, and by dates, and a careful observance of all the rules printed here, will be considered. For instance, if two persons send the same number of correct answers, and one follows all the rules laid down carefully, while the other does not, the prize will go to the first one. A committee will decide these points.  
EIGHTH—Contestants must be regular subscribers to or readers of the Courier-Journal, and coupons must be cut from papers that have been bought for cash, or paid for, either through carriers, agents, newsboys or by mail. Employees of the Courier-Journal will not be permitted to compete.  
NINTH—Correct answers for the month of October will be published the first Sunday of November, and the prizes will be awarded immediately thereafter. Names of prize winners will be published. The correct answers will be telegraphed the Courier-Journal the day before publication by Mr. L. Frank Baum, the author, so that no one connected with the Courier-Journal can know the answers until the contest for the month is closed.

## The Guessing Coupon

will be found at the top of the fourth and fifth columns, page 2 of the Courier-Journal each week-day. Cut it out and fill it up carefully. It may help you get a portion of \$250.

LIST OF THE SURVIVORS.

More About the Spit Ball.

The "spit" ball is bound to revolutionize baseball fully as much as the curve did twenty years ago. This ball, said to be discovered by Strickland while playing with the Calumet League last season, has made double score games out of the question. Jack Chesbro of the New York Highlanders, who was the first to use it, has been the victim of it. He has been hit by it several times, and he is now the laughing stock of the baseball world.

WHAT COLLINS SAYS.

"They gave us the battle of our lives, but we beat them out in the stretch. No team of ball players ever worked harder to keep the points in the stretch than the Bostonians. It's up to John T. Two Games For Sunday.

At Reunion Park next Sunday the second All-professionals will play the Reunion Club a double-header. The first game will begin at 2 o'clock, and the second at 4 o'clock. The Reunion Club is a very strong team, and the professionals will have a hard time of it. The game is expected to be a very close one.

## DISMISSES FINANCIAL AND COMMERCIAL MONETARY.

Temporary Injunction  
and Terminates  
Hearing

IN TOBACCO MERGER CASE.

VICE CHANCELLOR PITNEY,  
HOWEVER, CONTINUES RULE  
TO SHOW CAUSE.

RYAN AND SWEETHEART POOL.

Newark, N. J., Oct. 11.—After hearing arguments on the return of the rule to show cause, obtained by Julius B. Ikel, of New York, and other stockholders, why an injunction should not issue to restrain the Consolidated Tobacco Company, the Continental Tobacco Company and the American Tobacco Company from merging, Vice Chancellor Pitney this afternoon dismissed the temporary injunction and abruptly terminated the hearing in the merger case. He said he dismissed the temporary injunction against the merger on a technicality. The rule to show cause, however, would be continued until the case can be heard by the Court of Errors and Appeals.

Pitney appointed Halsey M. Barrett as Master to count the bonds claimed to be owned by the defendant, showing that a majority of the bondholders had agreed to the merger, and report back to the court. He also alleged that the documents annexed to the petition of the defendants showed that nobody had signed the contract merger. The defendant's counsel said that the merger would increase the value of the holdings of the complainants, and explain that the signatures of the subscribers to the merger were purposely omitted, as the subscribers did not want to place on record or to file with the court the amount of their holdings. Counsel said the defendants were willing to prove that a majority of the bondholders had agreed to the merger, and the appointment of Mr. Barrett as a master to count the bonds followed.

RAY ONLY INTERESTED.

Denies That He Was a Member of the "Sweetheart Pool."

New York, Oct. 11.—Frank H. Ray appeared today as a witness in the case of Daniel J. Sully & Co. v. the "Sweetheart Pool," which has figured prominently in the financial world since the disclosure of the pool in a way, but made no point of it. He said, however, that "it was for other people," he added. According to his testimony, his receipts from the pool included a check for \$10,000, which was delivered to "other people."

The witness had forgotten a check of \$10,000, sent in December, until shown the returned check. He had put up no money in the deal, however, and said that if he was not to grant them, he also received a check in the same deal for \$50,000 on January 26, making \$75,000 without a cent of his own money. He also received other amounts, including checks for \$5,000 and \$45,000, at various times in the investigation of Sully & Co. He said that he never had any arrangement with him. He considered it as just his profits in cotton deals, and he did not go into it. Ray said that he had never put up any money to secure these profits, with the exception of February 12, when he put up \$15,000 for margins. This money was returned to him within a month, however.

Mr. Ray received several statements for profits of some of his deals from Sully & Co. direct. He had a memorandum for profits of over \$117,000, but testified he had not seen it. He said that the statements produced in court, however, were ones said by the witness to have been given him, together with a check for \$48,967.10, to close his account with Sully & Co. he had fallen.

Mr. Sully is expected to testify in the regular proceedings, and the case of special hearing being adjourned until December 6.

You could board an elephant at less expense than a hotel here, and the elephant's dinner would cost more than a want ad, big enough to rent your house.

## FINANCIAL AND COMMERCIAL MONETARY.

Temporary Injunction  
and Terminates  
Hearing

IN TOBACCO MERGER CASE.

VICE CHANCELLOR PITNEY,  
HOWEVER, CONTINUES RULE  
TO SHOW CAUSE.

RYAN AND SWEETHEART POOL.

Newark, N. J., Oct. 11.—After hearing arguments on the return of the rule to show cause, obtained by Julius B. Ikel, of New York, and other stockholders, why an injunction should not issue to restrain the Consolidated Tobacco Company, the Continental Tobacco Company and the American Tobacco Company from merging, Vice Chancellor Pitney this afternoon dismissed the temporary injunction and abruptly terminated the hearing in the merger case. He said he dismissed the temporary injunction against the merger on a technicality. The rule to show cause, however, would be continued until the case can be heard by the Court of Errors and Appeals.

Pitney appointed Halsey M. Barrett as Master to count the bonds claimed to be owned by the defendant, showing that a majority of the bondholders had agreed to the merger, and report back to the court. He also alleged that the documents annexed to the petition of the defendants showed that nobody had signed the contract merger. The defendant's counsel said that the merger would increase the value of the holdings of the complainants, and explain that the signatures of the subscribers to the merger were purposely omitted, as the subscribers did not want to place on record or to file with the court the amount of their holdings. Counsel said the defendants were willing to prove that a majority of the bondholders had agreed to the merger, and the appointment of Mr. Barrett as a master to count the bonds followed.
